## ULTIMATUM IGNORED, OFFENSIVE IS STARTED ON CHINESE CAPITAL

Report Received at Tokio of Launching of Intensive Operations Against Nanking—FLOTILLA OF Japanese Warships Steams Up Yangtze—Wuhu Scene of Bloody Street Fighting

TOKIO, Dec. 10 (AP)—Tokio received reports from the Nanking war front today that Japanese forces had launched a heavy offensive against Nanking. The reports said the offensive started at 12:30 p.m., Nanking time (8:10 p.m., Thursday, P.S.T.). (Japanese had issued an ultimatum demanding surrender of the city by noon).

ULTIMATUM UNANSWERED

SHANGHAI, Dec. 10 (AP)—Unconfirmed Chinese reports said today that General Tanei Seng-Chi, Chinese commander at Nanking, had not answered a Japanese ultimatum demanding surrender of the city by noon (8 p.m. Thursday, P.S.T.).

The reports, received from Nanking at 2 p.m., said refusal to answer the ultimatum was taken as rejection of the Japanese demands.

A Japanese airplane, speeding over Nanking, dropped the communication, which said if the Chinese did not yield, the city "will become the scene of the horrors of war."

## GUNBOATS STAND BY

Despite the storm hovering over Nanking, a handful of foreigners remained there. British and United States gunboats stood by on the Yangtze, maintaining communications with the outside world. Other gunboats of the United States Yangtze patrol lay off Wuhu and Kuklakang.

## UNITY COUNCIL IS ESTABLISHED

John I. McFarland Asked to Head Fusion of Anti-Aberhart Groups

RED DEER, Alta., Dec. 9 (AP)—Formation of a Provincial Unity Council with John I. McFarland, of Calgary, named as chairman, was agreed on at a meeting sponsored by the People's League of Alberta here today.

Present at the meeting were representatives of the League, the Conservative Party and members of the United Farmers of Alberta. The Liberal Party, which is under the leadership of E. L. Gray, was not represented.

It will be the duty of the Unity Council, a resolution adopted said, "To assist in and promote the organization of the people of Alberta for the purpose of re-establishing responsible and progressive government."

## SUBJECT TO ACCEPTANCE

Mr. McFarland, former chairman of the Canadian Wheat Board, was appointed chairman of the council subject to his acceptance. He was not present at today's conference here.

The Unity Council, it was decided, will function until such time as a more permanent and representative organization can be formed. Efforts will be made, the resolution said, to obtain official representatives of the United Farmers of Alberta, the Liberal Party, Labor and "any other organization which is prepared to take part in such a permanent body individuals who may be invited to become members."

Members of the U.F.A., including former Premier Reid of Edmonton, who attended the meeting here, did so in an unofficial capacity.

Says Securities Act Reasonable

VANCOUVER, Dec. 9 (AP)—Frank E. Hall, president of the Vancouver Stock Exchange, tonight issued a statement in which he described amendments to the Securities Act passed by the British Columbia Legislature yesterday as "fair and reasonable."

The Securities Act, which was given third reading yesterday, would provide stricter control of stock brokers and mining company officials.

## HEARINGS AT REGINA OPEN

Saskatchewan Relief Situation Outlined Before Rowell Commission

REGINA, Dec. 9 (AP)—More than half the population of Saskatchewan will be receiving Government assistance this winter. Attorney General T. C. Davis estimated before the Royal Commission on Dominion provincial relations today. The commission opened its Saskatchewan sitting here today.

Of the 920,000 population, the peak of relief this winter would be 500,000, he said. "About 400,000 are now receiving assistance." Most of these would be employables living in rural areas. "The farmer is working, but he is getting no return for his effort, so must have help," Mr. Davis explained.

DEFEND ON CROPS

"If agricultural conditions improve, the rural problem will take care of itself," observed Chairman Mr. Rowell. "If it doesn't improve, they will have to move out."

Mr. Davis said an example of what might happen generally had happened in the Davidson area, midway between Regina and Saskatoon, where almost 100 per cent were on relief in 1936, but only 5 per cent in 1937 because of good crops.

There were said to be about 31,000 persons in Saskatchewan cities at present, made up of 20 per cent of Regina's population, 24 per cent of Moose Jaw, and 16 per cent of Saskatoon. Unemployables were estimated at about twice the number of employables in the cities, mainly to the physically disabled and saved moving in from farms.

No distinction was made between employables and unemployables in relief administration in Saskatchewan, but the Dominion was moving

## Heavy Snow Plays Havoc In Ontario

TORONTO, Dec. 9 (AP)—Old Ontario awoke tonight to dig itself out from the heaviest snowfall in years. Throughout that densely-populated sector west of Madrid today a blizzard, snow and bitter cold halted fighting on the eastern front.

Government troops, meanwhile, discovered and heavily shelled enemy concentrations in the Gladyslava sector northeast of Madrid.

As a storm that isolated cities and towns blew itself out in the Niagara sector, the Western Ontario, a blizzard that had almost without cessation since Sunday, struck with renewed intensity in Eastern Ontario tonight. Several towns in the three storm areas were threatened with a milk shortage.

Members of the U.F.A., including former Premier Reid of Edmonton, who attended the meeting here, did so in an unofficial capacity.

Says Securities Act Reasonable

VANCOUVER, Dec. 9 (AP)—Frank E. Hall, president of the Vancouver Stock Exchange, tonight issued a statement in which he described amendments to the Securities Act passed by the British Columbia Legislature yesterday as "fair and reasonable."

The Securities Act, which was given third reading yesterday, would provide stricter control of stock brokers and mining company officials.

## "Twice Blessed" Are Ottawa Agreements Chamberlain Avers

British Prime Minister Stresses Value of Empire Preference—Partnership With Other Great Democracies Raises Britain's Status

Continued on Page 10, Column 5

London, Dec. 9 (AP)—Prime Minister Chamberlain tonight declared that partnership with the "other great democracies" of the Empire raised Great Britain from "the status of a fourth rate power."

"We hear much nowadays about

systems of government, for which superior efficiency is claimed

by voluntary subjection of individual

liberty of speech, thought and action,

to the direction of the State,

or, perhaps, to a single man who is

said to represent the State."

Britain did not wish to prescribe

to other nations the sort of govern-

## Returned for Second Term

MAYOR ANDREW MCGAVIN

Who Was Re-elected to the Post of Chief Magistrate of Victoria, by the Electors at the Polls, Yesterday. He Defeated His Opponent, Alderman Dr. J. D. Hunter, M.P.P., by a Majority of 1,501 Votes.

## URGES LEGISLATURE TO SUPPORT EMPIRE TRADE PREFERENCES

D. R. Frank Patterson, Con-

servative leader of the

Opposition, raised the issue of

Empire preference in the

British Columbia Legislature

last evening, shortly before

the House rose for the day.

He warned that any variation

of present agreements might

work hardship on British Co-

lumbia industries, and asked

the House to petition Ottawa

to use every effort to see the

trade of this province was

protected. He was supported

as to the value of Empire

preference by Capt. G. R. Bull

(Lib., South Okanagan). Pre-

mier Patterson opposed the

motion, stating what had al-

ready been done in that re-

gard. Mr. Speaker Whitaker

reserved decision on a counter

amendment offered by the

Government.

## Recommendations to Aid Unemployed War Veterans Announced

Commission Urges Government to Provide Provisional Allowance to Jobless Ex-Servicemen, Who Served in Actual Theatre of War

OTTAWA, Dec. 9 (C).—Sweeping recommendations designed to ameliorate the conditions of Canada's unemployed ex-service men were contained in the report presented to Hon. C. G. Power, Minister of Pensions and National Health, by the War Veterans' Assistance Commission today.

Roughly estimating the cost to the country if the recommendations were implemented, the minister figures in the neighborhood of \$7,000,000 yearly.

Mr. Power said he was himself studying the report and would shortly submit it to his colleagues in the Cabinet.

"What necessary legislation may be decided upon to give effect to the recommendations will have to await the assembling of Parliament," said the minister. "At the same time, the Government would like to have the co-operation of ex-service men's organizations who ought to consider all features of the report."

ALDERMAN S. R. OKELL

ALDERMAN EDWARD WILLIAMS

CAPTAIN B. J. GADSDEN

ALDERMAN ROBERT DEWAR

WILLIAM H. DAVIES

ALEXANDER PEDEN

mon Arm) opposed the bill. He said it was the most autocratic measure he had seen in fourteen sessions. The Government should wait, and present a proper bill later. He would urge a year's hold to enactment, during which the Government should reconsider its unfilled pledge to set up a public utilities commission. Public utilities were entitled to a fair return on their investment, but not upon watered stock, some suggestion of which had been mentioned in the Macdonald report.

R. L. Maitland, K.C. (Conservative, Port Grey) reminded the Government sharply that under a former Liberal regime a Federal utilities statute had been devised, and a commissioner appointed to supervise the distribution of a bonus in connection with lead and zinc.

The commissioner, John Reitschack, had been suddenly let out, and no answer given at the time.

After withholding submitted sections of the Macdonald report from the House until the last moment, the Government now presented an unfair bill.

While there was every justification for action, there was none for a one-man board of control under the thumb of the Administration. The suggestion that capital investment was to be ridden under an autocratic set-up would not encourage investment in British Columbia. Had the Government wished, the Federal Utilities Act could have been brought in within twenty-four hours, and that was a model measure, long discussed and rounded out, and in use in Alberta for many years.

GOVERNMENT CONTROL

Even under the present bill, control should be removed from the Government, and vested in the Legislature, unless there was to be set up a "shadow" that would do what the Administration desired.

The Attorney-General had said that industry need have no fear, that the

### Fire in Tenement With Exit Blocked Takes Seven Lives

KNOXVILLE, Tenn., Dec. 9 (C).—Two mothers and seven children died early today when fire engulfed a drab, crowded tenement-building. Twenty other persons barely escaped from the ramshackle, two-story frame structure. Flames and smoke swiftly blocked the only exit from the second floor—a narrow, boxed-in stairway—and many were forced to leap eighteen feet to the frozen ground from upper windows.

measures would not be arbitrarily enforced, but it was not left to Attorney-General to interpret a statute. That was for the courts, and the right of appeal was to be struck out. The Province should set up a public utilities commission.

Mr. Maitland concluded.

Dr. Lyle Telford (C.C.F., Vancouver East) said that neglect by big business of the rights of the people in the past had led to the situation where there was now an active demand for some control. In the view of the C.C.F. control over industry was coming anyway, and the Government should go the rest of the way and "take over the whole thing." The control board was the entrance of that wedge, and the rest would follow. The commissioner should be made responsible to the Legislature alone, he concurred.

Colin Cameron (C.C.F., Comox) defended the measure, and replied to Conservative objections against its principle. There was clear indication that the social and economic structure was headed for a change. Control of coal and gaso-

line price-fixing for hardware and maintained prices for the retail trade, all bills at this session showed the efforts of the Liberal party to introduce reforms. Reforms would not suffice in a contracting capitalist society, and already the pinch was beginning to be felt in innumerable places. The end of capitalism, he predicted, was near.

THREE-MAN BOARD

Macdonald's second reading of the bill

Premier Pattullo announced that the Government now proposed to change the bill so that a control board of two or three persons could be appointed, in place of one. He defended his administration against failure to set up a public utilities commission, on the ground that investigation under the Provincial Water Board had shown that such a course would cost between \$500,000 and \$1,000,000. With claims for hospitalization, relief roads and other services, the Province could not find the money to embark on that plan.

The measure was not final, continued the Premier, and could be amended after trial in the coming year. No political considerations had been allowed to influence its make-up, nor would they be in future.

The authority would be fairly used in the best interests of all the people. There was undoubtedly demand for a public utilities commission, and that matter would receive specific attention before the next session.

Rate-fixing provisions in the bill

had been challenged by the Opposition, together with lack of appeal to the courts. He would say that this was a policy bill, and courts were not for the determination of policy, but for the interpretation of the law. Policy was the responsibility of Government. Amendments would be introduced making provision for a board and control of up to three members, and insuring that full and adequate notice was given of any decree made by the board, the Premier concluded.

Second reading followed without division.

At the afternoon sitting the Government clarified the kind of a control board to be set up to deal with coal and oil. It will be a board of

## MINOR LAWS COMPLETED

### Legislature Enacts Retail Price-Fixing and Other Measures

The British Columbia Legislature virtually cleaned its order paper in morning and afternoon sittings yesterday and made ready to finish its actual labors at the third period of the day. Third readings were made for amendments to the Motor Vehicles Act, setting up drivers' examinations; for the Hairdressers' Bill; regulating sales; for the Hairdressers' Bill; the Minimum-Loss Bill on foods, and the Chiropractic Act, but without the title of "doctor" attached.

The House got down to miscellaneous motions, of which forty-eight remained in its order paper at the opening of the day.

It was drawn out in discussion that the Dominion voted \$10,000 this year for renewal of tubercular prevention work among Indians, and that mortality rates in the tribes have gone down in the last decade.

### STUDY IN PRISON

E. E. Winch (C.C.F.-Burnaby) made an effective plea for institution of additional school classes at Oakalla Jail, where, he said, several hundred young men were locked up early in their cells each night with nothing to study or do. The Government showed attention had been given to the problem, and undertaken to extend these efforts, where possible. The beginnings of a Hostal system are now being instituted.

At the afternoon sitting, the House took the Naturopathic Physicians Bill through final stages to completion in committee, ready for passage at night. Attorney-General Wismer introduced a new bill to amend the Savings and Loan Associations Act, which started on its course to completion.

### LOSS-LEADER

The loss-leader measure gives wide powers for the regulation of cut-price habits in retail trade, with price-fixing by way of action to maintain prices on advertised wares. Discretion was left to the Retail Merchants' Association, on the declaration of Attorney-General Wismer: "That they would not prosecute anyone, unfairly."

The minimum price on foods measure fixes a minimum profit of 5 per cent. below which a retailer may not sell. Conservatives supported both measures, in principle.

### DISCRETION TO BOARD

Original clauses which would have brought in everybody in the province who dealt in any way with coal and petroleum or their products were amended in some particulars, those which were determined were left to the discretion of the control board. It is "quite possible" that the licence fee for wholesale, retail and distributing operations within the dual industries may be made annually payable. Attorney-General Wismer declared.

There will be no appeal from the decisions of the board in setting prices, or apportioning costs to be borne by each section of the industries. Licences once given may not be transferred in any form without consent, and may be revoked for cause. Exemptions may be granted.

The board will be authorized to fix prices directly for retail and wholesale sales of coal and petroleum and their products, setting both maximum and minimum prices and spreads.

In prosecutions the onus of proof of the origin of a product is placed on the defendant. Invalidation of any part of the act in the courts will not disturb the remainder, the final clause set out. Once a year the board will report to the Government, and this report will be handed to the Legislature within fifteen days of the opening of the next session. The bill was virtually completed in committee before the House recessed until evening.

### GOVERNMENT CONTROL

Even under the present bill, control should be removed from the Government, and vested in the Legislature, unless there was to be set up a "shadow" that would do what the Administration desired.

The Attorney-General had said that

industry need have no fear, that the

measure would not be arbitrarily

enforced, but it was not left to At-

torney-General to interpret a sta-

tute. That was for the courts, and

the right of appeal was to be struck

out. The Province should set up a

public utilities commission.

Mr. Maitland concluded.

### GOVERNMENT CONTROL

Dr. Lyle Telford (C.C.F., Vancouver East) said that neglect by big business of the rights of the people in the past had led to the situation where there was now an active demand for some control. In the view of the C.C.F. control over industry was coming anyway, and the Government should go the rest of the way and "take over the whole thing." The control board was the entrance of that wedge, and the rest would follow. The commissioner should be made responsible to the Legislature alone, he concurred.

Colin Cameron (C.C.F., Comox) defended the measure, and replied to Conservative objections against its principle. There was clear indication that the social and economic structure was headed for a change. Control of coal and gaso-

line price-fixing for hardware and maintained prices for the retail trade, all bills at this session showed the efforts of the Liberal party to introduce reforms. Reforms would not suffice in a contracting capitalist society, and already the pinch was beginning to be felt in innumerable places. The end of capitalism, he predicted, was near.

THREE-MAN BOARD

Macdonald's second reading of the bill

Premier Pattullo announced that the Government now proposed to change the bill so that a control board of two or three persons could be appointed, in place of one. He defended his administration against failure to set up a public utilities commission, on the ground that investigation under the Provincial Water Board had shown that such a course would cost between \$500,000 and \$1,000,000. With claims for hospitalization, relief roads and other services, the Province could not find the money to embark on that plan.

The measure was not final, continued the Premier, and could be amended after trial in the coming year.

No political considerations had been allowed to influence its make-up, nor would they be in future.

The authority would be fairly used in the best interests of all the people. There was undoubtedly demand for a public utilities commission, and that matter would receive specific attention before the next session.

Rate-fixing provisions in the bill

had been challenged by the Opposition, together with lack of appeal to the courts. He would say that this was a policy bill, and courts were not for the determination of policy, but for the interpretation of the law. Policy was the responsibility of Government. Amendments would be introduced making provision for a board and control of up to three members, and insuring that full and adequate notice was given of any decree made by the board, the Premier concluded.

Second reading followed without division.

At the afternoon sitting the Government clarified the kind of a control board to be set up to deal with coal and oil. It will be a board of

at 8:45 o'clock. Trustee Walter E. Staneland was leading. By 9 o'clock Mr. Marchant was ahead of the other four candidates. He led by twenty-seven votes in the semi-final count and twenty-eight in the final. During the last hour of the ballot counting he and Trustee Staneland staged a brisk contest for first place.

William H. Davies, Alderman Dewar, Captain Gadsden and Alderman Williams ran close together during the latter part of the count race. All four were elected.

Results announced last evening by Mr. Hunter are not entirely final. A recount will commence in the school board office at 9 o'clock this morning.

The first election ballot was marked by Janet Barr Islip

RAIN AND SLEET**  
Victoria was given an unpleasant forecast of weather yesterday and the forecast from the Meteorological Observatory here does not promise much better for today. Atmospheric conditions remain unsettled and there is a severe storm centred off Vancouver Island which may bring east to southeast gales with rain or part sheet today.

The disturbance on the Pacific has caused high winds along the British Columbia Coast, where it remains comparatively mild. Off Tofino yesterday the wind reached forty-eight miles an hour from the east. Barometer reading here at 5 o'clock yesterday afternoon was 29.44, and the wind was

## Historic Relics of Tolmie Home Soon Will Be Dispersed

McLaughlin Museum, Oregon City, to Receive Some of Most Interesting Pieces From "Cloverdale" Furnishings Now Being Auctioned

A MUCH-TRAVELED mirror, which originally came to this part of the world round the Horn from the Old Land, was among the interesting old relics disposed of at the public auction held yesterday at "Cloverdale," the residence of the late Hon. Dr. S. F. Tolmie.

Purchased, according to a type-written legend pasted across its face, by descendants of the late Leopold F. Schmidt to be presented to the McLaughlin Association and to hang in the home of Dr. McLaughlin, which is being restored by this Association, the mirror is a very fine example of the early Victorian period work. It is about five feet high, with a heavy hand-carved gilt frame. Originally it hung in Fort Vancouver, Oregon Territory, when that was still under British and Hudson's Bay control. It was brought from there in 1859 to the present home by Dr. William Fraser Tolmie, father of the late Hon. Dr. S. F. Tolmie, and for some years has hung above the fireplace in the drawing room.

### GOING TO OREGON

This historic piece is but one of many equally interesting for sentimental and historic reasons. While several have already been acquired by the Provincial Government for preservation in the Provincial Archives, it is a matter of great regret to many people that some of those richest in historic interest are passing out of Victoria to go to the McLaughlin Museum or private collections in Washington and Oregon. Used at Nisqually, Washington

terized as "Lot 467, 468, 469," this beautiful furniture, descriptive tags inform the public, "was among the first shipped from England to Cloverdale House in 1859."

On the wall facing the couch, in a tarnished plain gilt frame, is a Glasgow Northern Highland Benevolent Society's certificate of membership to Alexander Tolmie, Hon. S. F. Tolmie's grandfather, dated 1859.

### KITCHEN FURNISHINGS

Among the first things sold yesterday morning were the furnishings of the kitchen, including a heavy oval table from the old John Wark estate; a huge earthenware water filter, bought by Mr. Winch, of The Portland Journal, and some of the interesting cooking utensils cast in the Hudson's Bay smelt at Fort Nisqually or Fort Vancouver in the early 'fifties. A well-known local book and print collector purchased several of these, including a long-handled skillet, a three-legged stew pot and several iron ladles. The same purchaser also bought a part of Dr. Tolmie's father's and grandfather's medical books, some of which date back to 1810, 1814 and that period.

In the front hall is a heavy marble-topped table on solid round legs and wide base. To be sold today, this also was among the original furnishings placed in Cloverdale in 1859. Scattered over its surface are old candle snuffers, pewter and brass-bound oak mugs and Indian baskets. The table stands on the spot where, in the early history of Cloverdale, tenants of the estate received their weekly measure of supplies.

### HANDSOME PIECES

In the drawing-room, where the gilt-edged mirror still hangs, although its fate is settled, are three state Old World pieces reminiscent of the days of billowing skirts. These are matched pieces of carved mahogany, upholstered in the same tapestry. One is a long couch, another an armless "crinoline" chair, and the third an ample-seated arm chair. Simply charac-

### LUDENDORFF IS BETTER

MUNICH, Dec. 9 (CP-Havas)—The condition of General Erich Ludendorff was so improved today no further bulletins were expected until he has been moved to his residence from the Catholic Nursing Home. He underwent a bladder operation.

## Obituary

PETERS — There passed peacefully away in this city, yesterday morning, Thomas Lee Peters, at the age of seventy-nine years. Mr. Peters was born at Saint John, N.B., and for many years resided in Call Bay. Funeral Home at 3 o'clock. Rev. Robert Connell, assisted by Rev. Arthur Bischler, will conduct the service, after which interment will be made in Colwood Burial Park.

BRIDGES — A large gathering of friends filled St. Mark's Church yesterday afternoon to pay tribute to the memory of the late Mrs. Harriett Bridges. During the service, which was conducted by Rev. O. L. Jull, the congregation sang the hymns "Peace, Perfect Peace" and "The Day Thou Gavest Lord." Numerous floral offerings which covered and surrounded the casket were received at Sands Mortuary, Ltd., from where the cortège left. The following acted as pallbearers: I. Cullen, F. T. Bayley, J. Greening, E. Lake, A. Wicker and H. McLean.

The remains were laid at rest in the family plot in Colwood Burial Park.

ROE — There were many friends present at the funeral services held yesterday in the Victoria Gospel Hall, for the late Margaret Burns Roe. J. Daniels conducted the services, during which the hymns "Abide With Me" and "My Hope Is Built on Nothing Less," were sung.

The remains were laid at rest in Colwood Burial Park, with the following acting as pallbearers: W. Petticrew, J. Daniels, P. Smart, A. Scroggie, J. Stewart and A. V. Ellinstone.

REDHEAD — At St. Joseph's Hospital, yesterday morning, there passed away Mrs. Sarah Ann Redhead, aged sixty-eight years, wife of Robert Redhead, 629 Cawelt Road, Esquimalt. Mrs. Redhead was born in England, and had been a resident of this city for the last twenty-six years. She is mourned by her husband, two daughters, Mrs. Peter Smart, and a son, Peter Kemp, also a sister, Mrs. William Eddie, of this city, and a sister in Australia, ten grandchildren and two great-grandchildren. The funeral will take place on Saturday afternoon from McCaig Brothers' Funeral Home at 2 o'clock. Rev. W. G. Wilson, D.D., will officiate and interment will be in Royal Oak Burial Park.

JONES — The funeral of Miss Thelma G. Jones will be held from Hayward, B.C. Funeral Home at 3:30 o'clock. Rev. E. O. Robathan officiating and interment will be made in the family plot in Ross Bay Cemetery.

CARTER — Funeral services for the late Arthur Carter were held yesterday afternoon at the S. J. Curry & Son Funeral Home. Rev. G. R. V. Bowes officiated and the remains were laid at rest in Royal Oak Burial Park. The following acted as pallbearers: R. L. Allan, F. Grimes, G. Whitehead, W. M. Young, L. Wheeler and H. Thompson.

Two Crashes at Quadra and Bay Street Corner

Two accidents, each involving two motor vehicles, took place at the corner of Quadra and Bay Streets between the hours of 4 and 10 p.m. yesterday.

Alfred Hawley, 468 Foster Street, reported to police that at 4 o'clock his car was struck by another car driven by A. C. Pirie, of Esquimalt. Both vehicles were said to have been damaged.

At 9:40, Ed Jary, 843 Pandora Avenue, driving south on Quadra Street collided with a car driven by Mrs. Bolton, Jubilee Hospital, which was proceeding east on Bay Street. Both automobiles sustained slight damage.

### CLUE

"Mary, my husband came home very late last night. Can you tell me what time it was?"

"Well, ma'am, I don't know exactly, but when I got up this morning the master's hat was swinging backwards and forwards on the hat stand."

## ACCEPT FIRE HALL TENDER

Oak Bay Awards Contract To Williams, Trerise & Williams

Oak Bay Council, at its meeting last evening, awarded a contract for the new fire hall to be erected near the junction of Monterey Avenue and St. Ann Street, to Williams, Trerise & Williams, Ltd. The exact figure was not disclosed.

The plan of the building selected by the council provides for an imposing structure. It was described as Tudor architecture, with the first floor of brick construction and the upper story of stucco and native wood.

Three massive doors will open from the ground floor, which is to be thirteen feet in height. Three doors are opened by raising from the floor level disappearing in the walls above.

### WILL BE ATTRACTIVE

The plan was prepared by P. Leonard James. The building is one of utility and will not mar the general character of a residential district like Oak Bay.

The second-story will provide sleeping accommodation for eight firemen, with recreation rooms and other requisite quarters for the accommodation of an up-to-date fire department. The height of ceilings will be nine feet.

On the main floor there will be accommodation for fire equipment, with facilities for hose drying. Heating units are to be provided, with hot-water radiators throughout for heating and drying purposes.

### ACCEPTED LOWEST TENDER

Of the ten tenders that were submitted to the council for the building, the one accepted last evening was the lowest.

Members of the council expressed their satisfaction at the successful conclusion of negotiations for the erection of the new fire hall.

Emphasis was laid upon the desirability of undertaking an educational programme to impress upon the people of the province generally the importance of forest conservation and regeneration.

Captain C. S. Leahy (Liberal,

Kaslo-Slocan), Captain MacIntosh (Conservative, The Islands) and Colin Cameron (C.C.P., Comox-Alberni), were appointed a sub-committee to confer with the chief forester, with the view of bringing out a publication of forest matters.

**CIVIC ELECTIONS**

Two causes at least operated in the minds of the voters in their decision to confirm Mr. Andrew McGavin in the office of Mayor. The first was their sense of sportsmanship, their desire to allow him to enjoy at least two years of power so as to have an opportunity of making his policies effective. The other cause was their belief that the past twelve months have been marked by an improvement in civic administration. It is almost an unwritten law in this community that a Mayor should be given a second term of office. This conviction governed many who went to the polls yesterday. Moreover, the main policy, on a solution of which Mr. McGavin and the present City Council are engaged, namely, that of refunding civic debts, while on the eve of a settlement, is not yet an achievement. The voters desire to allow the present Mayor to finish his work in this respect. They have given him a substantial mandate and have thereby, as well, endorsed his administration since the beginning of the year.

Dr. J. D. Hunter faced a set of circumstances which even his popularity could not overcome. Possibly no candidate for the office could have beaten the present incumbent with the conception of what was the right sportsmanlike course that prevailed in the public mind. Dr. Hunter was among the best-liked of the aldermanic board of the present year. He has done good work for the city, and now, as a member of the Legislature, he has brought his knowledge and talents to bear on larger problems. As a rule the voting public keep their attitudes towards provincial and municipal matters in separate compartments, which is a good thing. They are satisfied that Mr. McGavin, in the civic arena, is serving them well, and that, likewise, Dr. Hunter in provincial politics is justifying his success at the polls. They do not want provincial and municipal politics mixed up, and, perhaps, that was a reason why yesterday's result was so emphatic.

The successful candidates for the two-year aldermanic term are: Messrs. S. H. Okell, E. Williams, B. J. Gadsden, R. A. C. Dewart and W. H. Davies. There will be two new faces in the Council chamber in Messrs. Gadsden and Davies. Alderman Hawkins has suffered defeat, and there will be regret in many quarters because of this in view of his successful conduct of the Seventy-Fifth Anniversary celebrations. Alderman Okell heads the poll. The one-year term is filled by Mr. A. Peden, who has already had aldermanic experience.

The interest in the election was perhaps greater than in many years past, although appeals to the public on behalf of the candidates were fewer than usual. It is a healthy sign that there should be more concern about civic affairs on the part of the citizens. The Mayor and aldermanic board for 1938 is now settled and the general hope will be that they will get to work with a will and see what may be done to reduce the burden of taxation.

**INFRINGEMENT OF CIVIL RIGHTS**

The primary object of the new legislation to regulate and control the coal and petroleum industries in British Columbia is to "fix the price or prices, maximum price or prices, minimum price or prices at which coal or petroleum may be sold in the Province for use in the Province." The legislation purports to give the Lieutenant-Governor-in-Council power, as well, to fix different prices for different parts of the province; to fix schedules of prices for different qualities, quantities, standards, grades and kinds of coal and petroleum products. The power is sweeping enough, if it can be made operative. Evidently the Government is not sure of the ground on which it is about to set its feet.

There is to be a controlling board, with the customary staff of operatives which is a feature of bureaucratic control. The legislation provides that "no action shall be brought against the board or against any person employed by the board for anything done by him in good faith in the performance or intended performance of his duties under this Act." This clause might have been borrowed from legislation in Alberta, where it has been sought again and again to estop the courts from performing their legitimate functions. In other words, the new legislation is an attempt to curtail civil rights. Industrial interests are to be meddled with and no recourse allowed in the nature of an appeal to justice.

The legislation is autocratic in its inception and intention. It is contradictory as well. After providing that no action may be brought against the board or any of its employees, it is provided that, "If any clause, sentence, paragraph, subsection, section or part of this Act is for any reason found to be beyond the powers of the Province . . . all such shall be read 'disapplicable,' and all other 'clauses, sentences, paragraphs, subsections, sections and parts of this Act shall stand and be valid and operative, etc.' " Apparently they are intra vires of the Province, and yet action in the courts against the board is estopped. What is the explanation?

Obviously the legislation was devised hurriedly and with the minimum of legal advice. The probability is that it is in large part ultra vires of the Province and that the Attorney-General himself, who has the reputation of being an authority on what is and what is not ultra vires, is persuaded of this. Otherwise he would hardly have introduced a clause in the Act which attempts to prevent its being tested in the courts. The new-fangled notion in autocratic legislation that seeks to curtail civil rights is a definite infringement of the liberty of the subject and will be opposed strenuously wherever it arises. Unfortunately many of our modern legislators seem wholly uninstructed about the history of the age-long struggle for the development of civil liberty.

which is a part of the framework of British freedom. Much of modern legislation is reverting to the regimentation of the dark ages, influenced by the processes of Fascism and Nazism and their desire to reintroduce something in the nature of serfdom. The Act to attempt to control prices of coal and petroleum contains provisions that infringe on civil rights. Ways will unquestionably be found to test the powers of the Province in this regard in the courts of the land.

**A TOLMIE MEMORIAL**

There is some talk of arranging for a memorial to the late Dr. S. F. Tolmie, designed to perpetuate his name and that of his family which is linked with pioneering days of British Columbia. No memorial would be more appropriate and there is none that Dr. Tolmie would have wished for more than the preservation of his Cloverdale home as an historic monument. It has rich associations with the past. Many of the treasures it contains are now being auctioned off, and these, unfortunately perhaps, will be scattered far and wide, but it would be well if the home could be kept as a Provincial possession.

Those interested in the proposed memorial to the Tolmie family could not do better than concentrate on this purpose, provided always, of course, that the proposal meets with the approval of the present members of the family.

So many links with the past are being severed in these later years that whenever the opportunity arises no effort should be spared to enshrine memories that are a part of the history of British Columbia.

**DISORDERED TRAFFIC**

The Christmas shopping season has again commenced on its scale of ascending activity and there are still no regulations to govern pedestrians on the sidewalks. They do not keep conscientiously either to the right or the left as they proceed on their ways. The pavements are often congested and the more they are the more the tempers of many pedestrians are frayed and weave in and out between streams of foot traffic, the distinguishing mark of which is irregularity. A minimum of police supervision could keep this traffic flowing smoothly and in the aggregate much time would be saved for many people. Visitors to Victoria have commented time and again on the disordered flow of pedestrians during the busy shopping hours. It is a matter that calls insistently for regulation.

"In my opinion the world is a better world than it has ever been in any previous era known to history." This is the answer to the croakers made by Commander Evangelis Booth of the Salvation Army.

"Canada's population at 4:40 p.m. Thursday (November 25) is 11,163,628," says a news item. There are statistics brought absolutely up to the minute, down to the latest birth.

**BENEFITS OF IMMIGRATION**

If more people came into the country, the broad effect would be to enlarge the local market. New Zealand might find herself consuming more of her primary produce, leaving smaller surpluses to dispose of in the crowded markets overseas. Similarly local manufacturers would have a larger domestic demand to supply. Important industries, especially those organized on a large scale to turn out heavy goods or in the production of raw materials, would find it economic to start in New Zealand. Around the world could be built up subsidiary industries. In its turn industry would stimulate the distributive trades, more shops and shopkeepers, larger offices and office staffs, more calls on transport and workers. And the newcomers would have to be fed and clothed, housed and educated and entertained. A whole new and interesting cycle of production and consumption would be set in motion.

The overhead of public services—railways, roads, harbours, power schemes and all the rest, representing national capitalization for a much larger population—the burden of this overhead would be progressively reduced and the people moved forward with lighter step—Auckland News.

**The Weather**

Meteorological Office, Victoria, B.C., at 7:00 p.m., December 9, 1937.

**SYNOPSIS OF WEATHER CONDITIONS**

A severe storm centred off Vancouver Island is causing high winds with some rain and sleet on the British Columbia Coast, where it remains comparatively mild. The weather has been cloudy and cold in the interior, and it is still very cold on the Prairies.

**PRECIPITATION AND TEMPERATURES**

### Children's Health Has Been Good

An index of the enormous part played by physiotherapy in the treatment of the little patients at the Queen Alexandra Solarium is found in the November statistical report of the medical superintendent, Dr. Glenn Simpson, showing that during that month 800 physiotherapy treatments and exercises were given.

The number of patients in the Solarium on November 30 was fifty-nine; patients in the Jubilee Hospital at that date numbered three.

During November five patients were admitted to the Solarium, six were discharged, six consultations were given, two dental treatments and two X-ray treatments. Seventeen casts were made.

"The health of all children has been excellent, and there has been no intercurrent disease. The physiotherapy treatments and exercises have made a new record," the report commented in its summary.

"You have a nice collection of books, but you should have more shelves."

"I know, but nobody seems to lend me shelves."

**B.C. ELECTRIC**

the Empress Hotel, the affair being in the nature of a farewell gathering at the end of the Autumn session of the House.

The long table was beautifully arranged with a green damask cloth and bowls of scarlet poinsettias and evergreen. Around the base of silver candelabra, which held lighted red and green tapers, holly made an effective scheme.

Thirty-four ladies were seated at the table and after the toast to the King, proposed by Mrs. C. S. Leary, toastmistress and chairman of the evening, Mrs. T. D. Pattullo sang a verse of "Happy Days Are Here Again," the guests joining in the chorus and other verses. Mrs. Leary then called upon each guest in turn to respond to a humorous "summons" which was used in lieu of a place card, and so clever were the impromptu replies that threats of "fines" were unnecessary.

### ANNUAL AFFAIR

Mr. George Murray spoke a few words of welcome in which she incorporated a sincere expression of thanks to the wives of the Cabinet Ministers who had done so much to make the stay in Victoria such a happy one for the visitors. It was her hope, she said, that the ladies dinner would become an annual affair. The first had been organized four years ago by Mrs. Barrow, who has since passed away, and this was the means of cementing friendships which would mean much to all who were present.

As one of the hostesses Mrs. J. H. Forrester spoke a few words, and short addresses were also given by Mrs. R. H. Carson and Mrs. G. E. Braden. On behalf of the wives of the Cabinet Ministers, Mrs. F. M. MacPherson thanked the hostesses for their delightful hospitality. A special contest prize was awarded to Mrs. W. T. Strath.

### PICTURES SHOWN

After dinner Mrs. Murray entertained the guests with a fascinating talk about her recent visit to Japan, China and Singapore, illustrating her talk with a series of lantern slides, some of which showed scenes of the war zone in and about Shanghai. Community singing brought the evening to a close.

Those present were Mrs. T. D. Pattullo, Mrs. Frank Patterson, Mrs. M. MacPherson, Mrs. John Hart, Mrs. K. C. Macdonald, Mrs. G. M. Weir, Mrs. Gordon Wimber, Mrs. Norman Whittaker, Mrs. J. H. Forrester, Mrs. C. H. Tupper, Mrs. M. Connally, Mrs. R. H. Burns, Mrs. E. T. Kenney, Mrs. H. G. Perry, Mrs. C. B. Leary, Mrs. G. M. Murray, Mrs. W. J. Asselstine, Mrs. J. M. Bryan, Mrs. R. H. Carson, Mrs. C. R. Bull, Mrs. Thomas King, Mrs. G. Braden, Mrs. Frank Purman, Mrs. Clifford Collison, Mrs. J. W. Jones, Mrs. J. A. Paton, Mrs. E. V. Finland, Mrs. L. H. Eyles, Mrs. R. L. Maitland, Mrs. W. T. Strath, Mrs. L. LeBourdais, Miss Hilda Barron, Mrs. H. P. Hodges, of the Victoria Daily Times, and Miss Bullock-Webster of The Colonist.

### ANNUAL MEETING

The annual general meeting of the Gordon Head Fruit Growers' Association will be held in the Gordon Head Hall tomorrow at 8 p.m. All members and their wives are asked to attend. Refreshments will be served after the meeting.

### HIRE A CAR

Mr. Donald O'Neil Hayes is among the Vancouver visitors in the city, and is staying at the Empress Hotel for a few days.

## British Diplomat Relaxes

One of the rare photographs of Anthony Eden, British Foreign Minister, in other than a mood of intense concentration on international affairs is this one taken when he visited a London supper club with his wife.

## Social and Personal

### Government House Party

His Honor the Lieutenant-Governor and Mrs. E. W. Hamber received 1,000 guests yesterday afternoon at the second of the two Christmastide receptions at Government House. Among the great throng of guests were many visitors from the Mainland who had come to Victoria in response to the invitation issued by the Lieutenant-Governor and Mrs. Hamber to all those who had called on His Honor's Vancouver residence during the past six months.

### Vancouver Shower

Mrs. Mary Thompson, a bride-to-be of this month, who returned yesterday from Vancouver as the guest

### For Debutante Daughter or Mother

USE OF MULCH PAPER IN CROP PRODUCTION WILL BE DISCUSSED

Arrangements have been completed for the monthly supper meeting of the Victoria and Islands Branch of the Canadian Society of Technical Agriculturalists at Speciale's Cafeteria this evening. E. M. Straight, superintendent of the Dominion Experimental Station at Saanichton, will discuss the latest experimental work. His subject will be "Some Observations on Mulch Paper and Its Value in Agriculture." Other speakers will be Dr. William Newton and E. E. Pedersen.

Following the meeting, the members and their friends will visit the plant of the Sidney Roofing and Paper Company to see the manufacture of mulch paper, and of building papers and insulating materials used in dwelling and farm-building construction.

NOBEL PRIZE WINNER DEAD

STOCKHOLM, Dec. 9 (AP)—Dr. Gustaf Dalen, sixty-seven, Swedish inventor and industrialist, who won the Nobel physics prize in 1912, died here today. He was blinded by an explosion the year he won the prize.

URGENT

The furious diner bellowed to the waiter: "What's the matter with you, man? I began with fish and now you've brought me soup. Surely you know that soup comes first!" "Yes, sir, quite sir," said the waiter in a whisper, "but between ourselves sir, the fish couldn't wait any longer."

## Fairfield W.M.S. Elects Executive

Mrs. G. G. Green was elected president of the Fairfield United Church W.M.S. at the annual meeting of the society held yesterday afternoon in the social hall. Others chosen for office were as follows: First vice-president, Mrs. G. Gordon; second vice-president, Mrs. N. J. Crees; recording secretary, Mrs. E. P. Siddle; treasurer, Mrs. E. Hopkins; corresponding secretary, Mrs. N. E. Gould; Christian stewardship and finance, Mrs. C. A. Fields; temperance and Christian citizen secretary, Mrs. W. Bevan and Mrs. G. Dyson; missionary monthly secretary, Mrs. S. Keefe; community friendship secretary, Mrs. B. C. Wright and Mrs. E. P. Siddle; associate helpers' secretary, Mrs. McBride; literature secretary, Mrs. G. Bohlender; supply secretary, Mrs. L. Moon; mission band superintendent, Miss Estelle Clark; baby band superintendent, Mrs. W. H. Yardley; C.G.I.T. link, Mrs. C. A. Fields; pianist, Mrs. B. C. Wright; press reporter, Mrs. G. Piercy.

December 17, a song written by a local composer, Miss Pearson, was read by Miss Peacy, who intends to include it, if possible, in her Christmas school concert. The song is dedicated to the famous quintuplets.

Y.P.S. News

### ESQUIMALT

The regular meeting of the Esquimalt United Church Society was held in the clubroom on Wednesday afternoon with Mrs. Vernon Thompson, president, in the chair. A donation of \$5 from Mrs. Church was made to Mrs. W. Finmore for her hospital Christmas cheer. Mrs. R. W. McMurray and Mrs. J. Quinn offered to pay the expenses for providing Christmas cheer to the hospitals which they were meeting.

### CENTENNIAL

The Centennial Society met in the church parlor on Tuesday evening. The devotional period was arranged by Florence Murkar, assisted by Mildred Dickson. The guest speaker for the evening was Rev. John Bell, assistant minister of the First United Church, who gave an interesting talk on "Inferiority Complex." The speaker led the group in an informal discussion leading up to his address, when he asked the different members of his experience relating to the text of his talk. The speaker asked the group will have Mr. W. R. Brown as the speaker, who will give a short talk on some experiences that he has had on his travels. The society will take charge of the evening song service at the Y.M.C.A. on Sunday.

CITY TEMPLE

The members were thanked by Mrs. Green for their co-operation in the past. She expressed the wish for increased effort in the coming year. Tea was served at the close of the meeting.

## P.T.A. Activities

### OAKLANDS

The Oaklands Association will hold another of its popular old-time dances in the school auditorium tonight from 8:30 to 12:30 o'clock. For persons not familiar with old-time dances the orchestra will give free instruction from 8 to 8:30 o'clock. Refreshments will be served.

### LANGLEY

The monthly meeting of the Langley Association was held on Wednesday evening in the school. Mr. R. M. Heggie presiding. The convenor of the programme committee reported that Alderman W. Strath, M.P.P., would give a lantern lecture at the February meeting. A donation was voted to help the Christmas hamper fund. The annual general meeting of the Langley Association was held on Wednesday evening in the school. Mr. R. M. Heggie presiding. The convenor of the programme committee reported that Alderman W. Strath, M.P.P., would give a lantern lecture at the February meeting. A donation was voted to help the Christmas hamper fund.

### ST. JOHN'S

Rev. G. R. V. Bolster initiated six young people into membership at the regular meeting of St. John's A.Y.P.A., Misses Elizabeth Island, Wendy Perkins, Ruth Oldfield and Measies Vernon Hooper, Monty Mudge and Bob Acton reciting their badges. The hymn "Blest Be the Tie That Binds" concluded the service. Prayers, led by the president, opened the business session, after which basketball was enjoyed under the direction of Ken Hall and Mr. Bolster.

## HUSBAND TO BLAME?

Margaret's friends pity her—think marriage has made her an awful drudge—a regular "dishpan slave." Sometimes they blame her husband.

Actually, Margaret does no more housework or dish-washing than many of her friends. She could easily have hands as soft and white as theirs, if she used their beauty care...gentle Lux. It costs less than a day.

Lux is very different from many soaps. It contains no harmful alkali to irritate and dry the skin. That's why it leaves hands so soft and lovely.

Let these pure, rich Lux flakes do your dishpan work. They're faster—and so much kinder to the hands!

### Signs With Maroons

MONTREAL, Dec. 9 (P)—Maurice Croghan, Montreal-born defenceman, under indefinite suspension by the Canadian Amateur Hockey Association for failing to observe

residence rules of the governing body, today signed a contract with Montreal Maroons of the National Hockey League.

Terms were not disclosed but officials said Croghan likely would be in uniform for tonight's game with Detroit Red Wings.

THE NEW MARCONI MODELS  
HAVE ALL THE LATEST IMPROVEMENTS  
INCLUDING AUTOMATIC TUNING!  
THEY ALSO HAVE...

TUNE IN SHORT WAVE  
as Easily as Local  
Marconi, with Band Spreading, ushers in a new era of tuning ease. You don't have to hold your breath to tune in short wave. You have all the scope in the world to bring in your favorite stations in full, rich, resonant tone, actual "face to face" reception. Think what this means in added entertainment. Think of the fun in store as you embark each evening on a simplified "Marconi Tour" of the world's great radio stations. Remember, Marconi has everything—Ten-Station Automatic Tuning, Electric Tuning, exclusive Exponential Baffle and Band Spreading, the greatest forward stride of the day in simplified tuning. So why be satisfied with less when Marconi brings you so much more at no extra cost.

**MARCONI**  
THE GREATEST NAME IN RADIO

CANADIAN MARCONI COMPANY  
Vancouver Toronto Montreal Hull St. John, N.B.

MODEL 121 A.C.  
8-tube performance

Covers complete range from 16.6M to 50M, including broadcast and short-wave bands. New Type Marconi AVC, Cathode Ray Tuning, 12" dynamic speaker. Strikingly beautiful cabinet.

\$129.00

MODEL 112 A.C.  
7-tube performance

Covers many of the frequencies of all-wave bands at unusually low cost. "Fan-Spreading" on the 51 meter band.

\$54.95

**MARCONI QUALITY COSTS NO MORE**

Band Spreading

MODEL 120 A.C.  
16-tube performance

This present of all Marconi receivers embodies the latest development in radio. Fan-spreading on all short-wave bands. Electric tuning dial, the exclusive Marconi feature. Beautifully matched cabinet.

\$339.00

Actually it is easier to tune short wave on the Marconi band spread dial than to tune your local station on standard receiver. The reason is simple: on the new Marconi dial the standard broadcast and short-wave bands are each clearly marked and extremely easy to read. Old style receiver had one scale for standard broadcast and only one set of frequencies for short wave, which were at lower left. That means many stations cross over in very short space, making separation and tuning very difficult.

Trace Empire Growth

Tracing the Empire's growth in the past century, Mr. Chamberlain expatiated on the change from

the days of free trade.

He termed "twice blessed" the Ottawa agreements which established Empire preference, a policy

Joseph Chamberlain advocated in

the days of free trade. The agree-

ments, both by providing them

with expanding markets and by in-

creasing their purchasing power for

British goods."

He urged even closer collabora-

tion between the units of the Em-

pire on matters of defence, foreign

policy and development of resources,

and stressed the importance of

building up scanty populations with

fresh blood.

Actually it is easier to tune short wave on the Marconi

band spread dial than to tune your local station on standard

receiver. The reason is simple: on the new Marconi dial

the standard broadcast and short-wave

bands have separate scales at the top and bottom of the dial, each clearly marked and extremely easy to read. Old style

receiver had one scale for standard broadcast and only one

set of frequencies for short wave,

which were at lower left. That means many stations cross over in very short space, making separation and tuning very difficult.

## BUDGET PLAN At the Theatres IS STRESSED

Appeal by Christmas Bureau  
Which Has \$4,000  
Objective

When budgeting for Christmas, budget for the needy is the appeal that is being made by the Christmas Bureau committee of the Council of Social Agencies, which is conducting a drive to raise \$4,000 with which to provide Christmas cheer for less fortunate citizens.

In stead of providing hamper, the committee this year will provide a cash or scrip donation to needy households so that the parents may go out and do their own Christmas shopping and enjoy the excitement that is generally enjoyed by more fortunate persons. In this way a household will be able to purchase not only a good Christmas dinner, but presents for junior and his sister.

### LISTS OPENED

Subscription lists have been opened in The Times and Colonist offices, the Empire Realty Company, Goodliffe, Ltd., and Macdonald's Electric store.

When making up a shopping list, the Christmas Bureau urges every citizen to include a Christmas present to the "Unknown Citizen" who may not be able to have a Christmas shopping list unless he or she is able to secure funds for the festive season.

"Budget the amount you can give and enroll your name on one of the subscription lists or respond to the radio appeal that will be made in connection with the drive," W. H. Davies, chairman of the committee, stated yesterday.

### WILL FEEL HAPPIER

"By scaling down the cost of some of the presents you planned, you will be able to set aside an amount that will make it possible for someone else to buy presents. In doing this, you will feel easier and happier when you open your own gifts on Christmas morning. You will feel easier because you will be confident that others, who might have had a miserable Christmas, have been made happier by your small sacrifice," Mr. Davies asserted.

"Don't forget the 'Unknown Citizen' next time you come down town to shop and leave your subscription with The Times, Colonist, Goodliffe, Ltd., Empire Realty, or Macdonald's, Ltd." Mr. Davies concluded.

"Don't forget the 'Unknown Citizen' next time you come down town to shop and leave your subscription with The Times, Colonist, Goodliffe, Ltd., Empire Realty, or Macdonald's, Ltd." Mr. Davies concluded.

## MARINE, RAIL and AIR

## SAILING FOR ORIENT SIDE

Empress of Russia Bound For Manila Via Way Ports Tomorrow

Westbound, the Canadian Pacific liner Es. Empress of Russia, Captain J. F. Patrick, R.N.R., commander, will be here for a short time tomorrow afternoon. The Russia is due from Vancouver at 4 p.m. and scheduled to sail for Yokohama at 5:30 p.m.

## DOE HERE TODAY

Inbound from Europe by way of Panama, California and Washington ports, the Holland-America Ms. Delfidyk, Captain J. M. St. Sanderius is expected at Rithet Pier by Adam Moffatt, local agent of the line, sometime this afternoon. The Delfidyk is now at Seattle.

## IN TOMORROW

From Orient ports, the American Mail Line Ms. President Jackson is due to reach William Head at 8 o'clock tomorrow morning, according to advices received from the ship by W. M. Allan, local agent of the company. The Jackson should be up alongside Rithet Pier by 9 o'clock, where she will discharge 838 tons of general cargo.

## LAST SHIP OUT

The freighter Es. Magnhild left the port of Montreal on Wednesday to close navigation in the St. Lawrence River for the Winter season. The harbor had been closed last Thursday with the sailing of the Greek freighter Mount Aetna, when word was received the Magnhild was en route with a cargo of ore, which will be prepared for horizontal bombing with non-explosive bombs.

## ON FIRST VICTORY

H. G. Takken, traffic manager of the Holland-America Line, Rotterdam, is a visitor to the Pacific Coast. He arrived in Los Angeles last week and is now on his way north. He is accompanied by A. Roggeveen, operating manager, Holland-American Line, New York, and E. F. R. Delancy, Pacific Coast manager.

## HEAVY CARGO

When the Norwegian motorship Martin Bakke leaves New Westminster as a centenary ship, she has obtained a revision of the company's armorial bearings. The new bearing includes a kangaroo, to represent Australia. The tail of the kangaroo is zoologically not correct and part of it is missing. In a statement issued by the company, it was admitted that the tail was incorrect, but critics were asked to have compassion on the heraldic artist of the College of Arms who had to fit the animal into rather an awkwardly-shaped quarter of the shield.

## AREA RESERVED FOR U.S. NAVY IN ALASKA

JUNEAU, Alaska, Dec. 9 (AP)—An area of approximately fifteen square miles, located three and a half miles south of Kodiak, on Kodiak Island, has been withdrawn from the public domain for use by the United States Navy. It was learned here today.

The navy has other similar reserves in Alaska.

Go Now!

## Teal Returns to Local Dock After Bremerton Visit

Completing a stormy passage across the Strait of Juan de Fuca from Port Townsend, the little yawl Teal reached Victoria last evening and is now lying alongside Enterprise Wharf.

The Teal, which sailed from Honolulu and cruised several months in British Columbia waters, was here a few weeks ago and returned to Bremerton for the Thanksgiving holiday.

Roy P. Durhak is the skipper of the yacht and Francis Langdon is the mate. They plan to spend some time in Victoria and vicinity before sailing away on another sailing expedition.

There was also another yacht visitor to the local wharf yesterday. The Vedore, with Dr. Hayes and party, from Port Angeles, aboard, spent several hours in port.

## SURVEY CHIEF RETURNS HOME

H. D. Parizeau Back in Victoria After Departmental Visit to Ottawa

H. D. Parizeau, chief of the hydrographic survey for the Dominion Government on the Pacific Coast, was back in Victoria yesterday after an absence of eight weeks in Eastern Canada. The greater part of that time was spent at Ottawa, where he will be consulted with the chief hydrographer for Canada, in connection with the reorganization of the survey on this coast, which contemplates a much fuller service to Federal and Provincial departments as well as for greater benefit to the public generally.

Details of the proposed reorganization have not been worked out yet.

## MAKES INSPECTION

While in the East, Mr. Parizeau was commissioned by his department to inspect a section of the St. Lawrence River between Montreal and some twenty-five miles below Quebec and report on the advisability of a survey if conditions warranted it. The report will be made and completed this Winter.

Engineers of the Federal capital took advantage of the Western hydrographer's visit to Ottawa to have him address them, and on separate occasions he addressed luncheon gatherings of Canadian Surveyors' Institute and Canadian Engineering Institute; while he was the guest of honor at a banquet tendered by the hydrographic survey staff. This latter affair took place at Hull.

## DEAN OF OLD BOYS

A visit to Montreal, where he spent four days, provided the occasion for the heads of his old college, Mount St. Louis Institute, to have Mr. Parizeau address the students. He chose for his subject "Geography and History of the Northwest Coast of America." It was Mr. Parizeau's first visit to Montreal in eighteen years. Mount St. Louis Institute was established in 1888, and the Victoria hydrographer is dean of its old boys, attending it at its foundation and prior to his entering McGill University. Mr. Parizeau was accompanied East by Mrs. Parizeau.

## UNASSISTED

An English tourist traveling in the north of Scotland, far away from anywhere, exclaimed to one of the natives.

"Why, what do you do when any of you are ill? You can never get a doctor."

"Nae, sir," replied Sandy, "just to die a natural death."

## CONTINUOUS RAIL TESTS

Great Northern Railway Making Experiments on Track in Montana

Construction engineers of the Great Northern Railway are waiting for Old Man Winter to apply the acid test to the first experiment in the Northwest with continuous rails.

Two rails, each more than a mile long, are in place on the system's line east of Rexford, Mont. The continuous tracks were installed in September, and daily inspection up to November 15 failed to show any movement in the rail ends.

However, the experiment has yet to be subjected to the combination of heavy traffic, snow and intense, lasting cold—factors which will determine the strength of the weld.

The Great Northern's continuous track is a series of ordinary thirty-nine-foot rails welded together. Welding was done on the track shoulder and steel was moved into place in one piece.

Engineers employed standard fastenings in laying the continuous rails and added a clip of spring steel, which attaches the rail to the plate through a bolt. The clip lifts the plate against the rail with a pressure of 2,000 pounds, tending to eliminate creepage through contraction and expansion.

The continuous rail reduces noise and affords a smoother riding surface.

Track maintenance costs also are greatly reduced through use of the continuous rail.

Young Artist: "How did you like my paintings?"

Friend: "Great! That one of the fried egg was so natural it nearly made me hungry."

Artist: "Fried egg? Great Scott, that was a sunset!"

## RAILROADS ASK RELIEF

## MAIL AND SHIPS

## WEATHER REPORT

SEATTLE: Drizzle, southeast, gentle; 15-40 mph, moderate to strong.

LENNARD ISLAND: Rainy; northeast, fresh to 20, moderate swell.

PACIFIC: Wind, northeast, light; 10-20 mph, light swell.

CARIBOO: Rain; east, light; 20-40 mph, light swell.

WASHINGON, Dec. 9 (AP)—The

Association of American Railroads

today asked the United States

Inter-State Commerce Commission

for an immediate increase in freight

and passenger rates.

The motion was made by R. V.

Fletcher, general counsel of the

association, during arguments on

the carriers' petition for a 15 per cent

increase in freight rates and an

increase from two to two and a half

cents per mile in passenger fares in

the eastern territory.

In spite of the action of the

commission in expediting the

hearing, Fletcher said, "the situation is

such, due to an extreme decline in

traffic during the past few

weeks, and to the increase in operat-

ing expenses, it will be impossible

for many railroads to continue the

present character of transportation

service to the public unless relief is

obtained in the matter of increased

revenue by January 1, 1938, or very

soon thereafter."

The increases sought are calcu-

lated to give the carriers about

\$17,000,000 additional revenue an-

ually.

# GRID TEAMS SET FOR CANADIAN FINAL SATURDAY

## Bolton Players Are Threatened By Soccer Fans

**Disgruntled Supporters Send Anonymous Letters To Several Members of Team—Milsom Asks To Be Put on Transfer List as a Result—Important Matches Tomorrow**

**LONDON, Dec. 9 (P)**—The other-wise calm English football situation rocked a little this week on reports several Bolton Wanderers' players had received anonymous threatening letters. But, unlike the unsigned letters received six weeks ago by Fred Biddlestone, Aston Villa goal-keeper, offering him \$5,000 to "throw" matches, the Bolton mis-sives are obviously from disgruntled supporters who have taken dislikes to certain players.

Milsom came to a head when J. Milsom, leading scorer on the roster last year and international centre-forward, asked to be placed on the transfer list. He said he feels the crowd "is not with me."

Another interesting piece of information trickled from the Brentford foot camp where it was hinted the team would offer a contract to Alec Archer, Welshman winner on the Wembley Lions hockeys. Archer gained considerable fame as a right-halfback in Canada while playing for the Dominion against Scottish tourists in 1935. He was voted the best all-round footballer in Western Canada.

**TRIES NEW DEVICE**  
Weather reports from all over England today were not encouraging for the weekly round of games and second round of the cup on Saturday. Snow was general Thursday morning, many districts reporting rain also. Everton tried an electrical frost-combating device on a small patch of its practice ground and results were successful. Wires were laid nine inches under the surface and the current switched on.

Brentford heads the major division with twenty-three points, one point better than Preston North End and Chelsea, while four teams—Arsenal, Bolton Wanderers, Wolverhampton Wanderers and Leeds United—follow with twenty-one.

The Bees are in a difficult position this week-end as they entertain Leeds, while Preston goes to London to meet the greatly improved Arsenal eleven.

**Chelsea**, with Mills, high-scoring international forward back on the line-up after a long sojourn on the sidelines due to an injury, has a comparatively "soft" match at Derby. Bolton is at home to Liverpool and Wolverhampton is visited by Middlesbrough.

Coventry City, beaten only once in its seventeen games to date, has a chance to break its Second Division leadership with a win against Sheffield United. The City goes to Fulham, imbedded in the relegation zone, and Sheffield plays at West Ham United. West Ham is three points down from the leaders.

**PLAY CUP GAMES**  
Activities in both Third Division sections will be centred mainly on cup games—Notts-Douglas, joint pacemaker with Millwall, and Southern Section, plays at home against Northampton Town. Millwall is exempted from the cup until the third round, and Bournemouth, its scheduled opponent this week, meets Newport County in cup warfare.

Gateshead, alone in front of Northern Section clubs, looks good for two points against Southport.

Invited to take part in a tournament next Sunday at the Empire Exhibition at Glasgow, Sunderland and Chelsea have accepted, but Manchester City has declined. Providing continental commitments permit, Arsenal will send a team. It is expected Manchester will be replaced by Everton.

Plain call for Aberdeen, Celtic, Hearts and Rangers representing the Scottish League meeting English teams, with first-round matches scheduled May 25, 27, 30 and June 1. Sem-finals are down for June 3 and 6 and the closing contest June 10.

**SCOTTISH LEAGUE**  
**GLASGOW, Dec. 9 (P)**—Scottish Football League leaders, with the exception of Motherwell, are favored by schedule-makers this week-end. They have home matches, Mother-

### Knights Release Squad for Game Saturday Night

**L**ED by their scoring threat, Ed Budnick, a well-balanced squad of cagers, flying the colors of the Knights of Columbus, of Seattle, will invade the city tomorrow evening to try conclusions with the Victoria Dominions at the High School gymnasium in another inter-city clash. Ed Marian is manager of the Knights and will introduce a flock of new players to local fans. Practically every player on the Seattle line-up will be playing here for the first time. They are young, reported to be fast, accurate shot and will be out there trying their level best to halt the Dominions' winning streak. The following players will be here: Don Brinks, Kelly, Schimpf, Second, Galer, Mayoske, Tilland and Budnick. Next Wednesday night the Dominions will tackle Albany College from Oregon.

**BUDGE GAINS TENNIS FINAL**  
**United States Net Ace to Face Jack Bromwich in Australian Meet**

**MELBOURNE, Australia, Dec. 9 (P)**—Donald Budge, Oakland, Calif., red-head, who gained the final of the Victorian tennis championships today with an 8-6, 6-3, 8-6 victory over Vivian McGrath, of Australia, underlines medical treatment for a son shoulder after the match.

Budge, Wimbleton champion, believes the muscular ailment which hampered his service all week is the result of an injury to the three top ribs on his right side, suffered in an automobile accident shortly before he left the United States.

In Saturday's title match the American will meet young Jack Bromwich, who defeated his fellow-Australian, Adrian Quist, 6-3, 4-6, 6-3, 6-1 in today's other semi-final.

In a women's semi-final, May Bundy of Santa Monica, Calif., eliminated Thelma Coyne, of Australia, 6-4, 6-4.

**EWPORT TRIUMPHS**

**LONDON, Dec. 9 (P)**—Newport defeated Cambridge University 25-3 in an English Rugby Union match played today. In county championship matches, East Midlands won 17-3 over Notts, Lancs and Derby, at Northampton, and North Midlands edged out a 12-10 decision over Warwickshire, at Coventry.

**PLAY CUP GAMES**

Activities in both Third Division sections will be centred mainly on cup games—Notts-Douglas, joint pacemaker with Millwall, and Southern Section, plays at home against Northampton Town. Millwall is exempted from the cup until the third round, and Bournemouth, its scheduled opponent this week, meets Newport County in cup warfare.

Gateshead, alone in front of Northern Section clubs, looks good for two points against Southport.

Invited to take part in a tournament next Sunday at the Empire Exhibition at Glasgow, Sunderland and Chelsea have accepted, but Manchester City has declined. Providing continental commitments permit, Arsenal will send a team. It is expected Manchester will be replaced by Everton.

Plain call for Aberdeen, Celtic, Hearts and Rangers representing the Scottish League meeting English teams, with first-round matches scheduled May 25, 27, 30 and June 1. Sem-finals are down for June 3 and 6 and the closing contest June 10.

## TORONTO ARGOS AND WINNIPEG WIND UP TRAINING FOR GAME

**Western Representatives Will be Seeking Honors They Won in 1935 Against Powerful Eastern Aggregation—Wintry Weather Will Prevail—15,000 Fans May Watch Battle**

**BY ELMER DULMAGE Canadian Press Staff Writer**

**TORONTO, Dec. 9 (P)**—Unless the weather bureau barometer has foot-ball jitters like everybody else connected with the event, Saturday's Canadian gridiron final will be played out in the snow.

**C.R.U. rules, involving the forgetting of Western ten-yard interference. In the final the lines can interfere only three yards ahead of scrummage. They had to whip themselves into condition and get plays functioning.**

**Critics who have watched Argos now down all opposition this season are not expecting Winnipeg to play their best. Away from competition a month, the Bombers wouldn't start "hot." Timing would suffer, plays might go wrong, the down-field tacklers might take time to get adjusted.**

**In addition, Bob Labster, of Argos, would outpoint Winnipeg by many yards.**

**The twin question marks were conceded to be Bob Fritz and Fritz Hanson on attack. Jim Nicklin and Bill Marguardt on defense. These numbers may carry all the answers Saturday.**

**The Argos will have to be stopped if Hanson is to win. The sculler line will have to deal with Fritz who shares the running attack with Greg Kabat. Hanson and Eddie James, Argos ends will try to stop the great Hanson.**

### Steve O'Neill Signs

**BUFFALO, N.Y., Dec. 9 (P)**—President John Gehm of the Buffalo International League baseball club, announced tonight Steve O'Neill, former Cleveland Indians' baseball manager, had been signed as field and business manager of the Buffalo club. Terms of the contract were not made public.

### Dear John,

*It was just like you*

...to send me the nicest of all cigarettes. And what a beautiful Christmas box! (I suppose the knights are a symbol of gallantry. Most appropriate!). Ever since that evening when we first found out how the filter tip brings out the Virginia flavour, I've been faithful to du Maurier. I've you to thank for learning that smoke refined is smoke

improved and made luxurious. Thank you, my dear John, fifty times over—once for each cigarette. I'm going to smoke them slowly—like the spoiled girl I am.

**du MAURIER**

## MRS. LONGBOURNE TOPS GOLF MEET

DUNCAN, Dec. 9.—In the monthly  
medal competitions at the Cowichan  
Golf Club yesterday, Mrs. J. Long-  
bourne won in the "A" and "B" class  
with a gross 104, handicap 16, net 84  
H. S. Fox, Mrs. I. D. McKenzie, Mrs.  
Others competing were Mrs. W.  
D. V. Dunlop, Mrs. E. Forrest, Mrs.

Everybody says  
"ACE IS SUPERB!"

"Naturally," says Herr Walsdorf. "Choice of the finest  
grains, the purest water in the world and our modern,  
controlled brewing bring you a flavor, purity, and a buoyancy  
that cannot be equalled."

"Years of research and brewing fine beers have taught me  
the secrets of purifying and controlling yeast, of the importance  
of precision control of temperature and of the full aging  
of beer in the wood."

"This knowledge I have applied. The result: perfect beer—  
beer that has character and a distinctive, unforgettable flavor  
that has won such intense popularity over night. That's why  
everybody says Ace Export Lager is truly the ace of beers."

## Montreal Maroons Beat Detroit Hockey Squad

Red Wings Fade Before Strong Third-Period Rally  
And Drop 5-2 Decision in Only Game Played  
In National League

MONTREAL, Dec. 9.—Gaining  
momentum in the final period,  
Montreal Maroons downed Detroit  
Red Wings, 5-2, tonight in a battle  
of the National Hockey League's  
last-place teams.

Ahead twice, the Wings lost a  
chance to gain a tie with New York  
Rangers for second place as they  
brought up from amateur ranks  
during the day, on the defense.

Tommy Cook was put back into the  
lineup and looked good between  
Bobby Northcott and Jimmy Ward.

Barry got the game's first goal on  
Detroit's opening bid, combining  
with Lewis, and Marvin Wentworth  
tied the score before the first  
period was over.

Aurie gave Wings the lead again as  
the middle frame started, but Russ Billoo got a  
man halfway through the period.

Evans' game-winning drives were  
capped by Ward's score on a pass  
from Wentworth.

Marty Barry, who won the Lady  
Byng Trophy last winter for clean  
and effective play, drew twenty  
minutes of penalties tonight for  
arguing over a slight infringement.

He argued back and drew a ten-  
minute misconduct sentence when  
he kept talking. Defense Clarence  
Campbell added ten more minutes,  
though the game ended before his  
second term was up.

Officials—Mickey Ion and Clar-  
ence Campbell.

First Period—1. Detroit, Barry  
(Lewis), 3:49; 2. Maroons, Went-  
worth (Grade), 9:15. Penalties: Lewis.

Second Period—3. Detroit, Aurie  
(Barry, Lewis), 2:12; 4. Maroons,  
Billoo (Trotter, Robinson), 9:48.

Penalties: Shields, Howe, Young,  
Robinson, Wentworth, Mackie.

Third Period—5. Maroons, Evans,  
8:52; 6. Maroons, Evans, 13:55; 7.  
Maroons, Ward (Wentworth), 14:43.

Penalties: Bowman, Wentworth,  
Bruneau, Barry (two ten-minute  
misconduct penalties).

Wings their first two goals  
scored twice on lone rushes that  
brought him crashing through the  
Detroit defense early in the first

period.

A revised line-up clicked for  
Montreal, Coach King Clancy used  
Maurice Crochan, whom the club  
had brought up from amateur ranks

to within two points of the third-  
place New York Americans in the  
Canadian division.

Stevens, big Maroon defence-  
man, got the winning drive after  
Detroit's line of Marty Barry, Larrie  
Aurie and Herb Lewis had brought

Evans, Coach King Clancy used  
Maurice Crochan, whom the club  
had brought up from amateur ranks

to within two points of the third-  
place New York Americans in the  
Canadian division.

Tommy Cook was put back into the  
lineup and looked good between  
Bobby Northcott and Jimmy Ward.

Barry got the game's first goal on  
Detroit's opening bid, combining  
with Lewis, and Marvin Wentworth  
tied the score before the first  
period was over.

Aurie gave Wings the lead again as  
the middle frame started, but Russ Billoo got a  
man halfway through the period.

Evans' game-winning drives were  
capped by Ward's score on a pass  
from Wentworth.

Time,

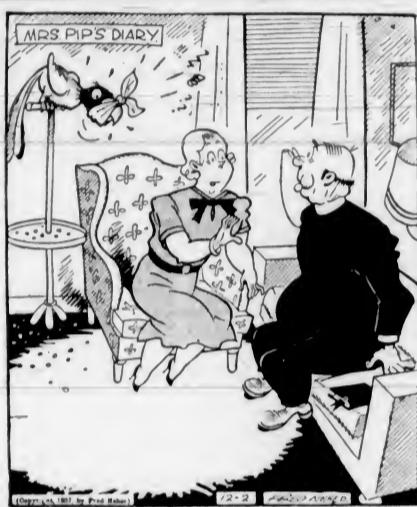

## TIME OUT!

By Chet Smith

## LIFE'S LIKE THAT

By Fred Neher

## Jane Dixon Says:

A GIRL IS IN LOVE WITH A YOUNG MAN, WHO WANTS TO GET MARRIED, GIVE UP HIS JOB, AND TAKE HIS BRIDE TO LIVE WITH HIS FOLKS UNTIL HE FINDS WORK MORE AGREEABLE TO HIM.

When we are prepared for the task we undertake, we have no fear of it.

We need place little if any dependency on chance or on luck, both very tickle jades.

A little bit of surety is better than an awful lot of rashness.

Dear Miss Dixon: I'm in my late teens, in love with a man in his early twenties.

We've known each other only three months; have had only six dates, but it seems we've been pals always, and we plan to marry within a short time.

What worries us is that a very dear and sensible friend knows about our plans, and advises us to wait at least another six months until we find if we really care as much as we think we do, and until my young man has definite knowledge about his work.

He has a steady job now, but plans on quitting because he does not like his work. He says we could live with his people until he can get something more suitable.

We are of different religions, but he says he will join mine.

We do love each other very much, and will appreciate your honest advice.—Agnes and Jim.

Comment: You are fortunate to have such a dear and sensible friend. This friend has given you the sort of advice that saves lovable persons from plunging headlong into unhappiness.

If your young man is quitting his job to find a more agreeable one, that is a full time job in itself, and he should undertake it before he assumes the responsibility of marriage.

You will both be better being pensioners on others, no matter how rich and dear they may be to you, is disagreeable. It is rasping to nerves and deadly to disposition.

cherish your love by giving it the protection it needs, if it is to live and grow. Have the patience to build a reasonably sound foundation for your life together before you try to live it.

A brief wait now may mean insurance for all of your future married happiness. Pay that premium gladly and gallantly.

**How It Started** by Glenn Newton

MONTANA—FROM "MOUNTAINOUS REGIONS"

Three quarters of a century ago, James M. Ashley, Chairman of the Congressional Committee on Territories, suggested to Senator Sumner the name Montana.

Being a Senator, Sumner did not even blink an eye, but, from force of habit, replied to the effect:

Let us appraise your Used Car. It's worth more if traded in on a new 1938 EYE-OPENER HUMMOBILE \$1480 to \$2185 Masters Motor Company, Ltd. 809 Yarrow St. E 3541

"Never heard of it, there is no such word."

Not that "this" was much of an argument, but even for this Chairman Ashley was not unprepared. Producing his documents, he convinced Senator Sumner that the name Montana, which has been described as "a happy conception, being at once euphonious and descriptive of the rugged country it has been destined to designate," was all there.

As a matter of fact, it had always been there, at least, for a long long time, for it is a Latin noun meaning "mountainous regions" and centuries past it had been applied by Latin authors to just such topography in Western Europe.

So, though the voice was different, the message was the same, and Montana was christened.

AND THEY LIVED HAPPILY EVER AFTER!

There is no boss in the professor's house. When they were first married, he and his wife made an agreement that the professor should settle all the big things that came up, and his wife should settle all the little things. The agreement has worked fine. So far, no big things have come up.

BICYCLE RIDERS PAY FINES TO SAANICH

The police of Saanich are attempting to stamp out the dangerous practice of bicycle riders passing along the roads and streets of the municipality without lights.

Magistrate H. C. Hall pointed out that those brought before him the great danger to themselves and to the general public as well in omitting to have the lights displayed. He, however, took from the accused a fine of \$1 each.

The rider, who testified that his light had just gone out, was allowed suspended sentence. The magistrate pointed out that this was not to be regarded as affording a precedent in the matter as the rider was fully responsible for having the light displayed.

It will be good judgment to talk very plainly this day for through a faulty mode of expression, particularly by mumbling words, phrasology is apt to be misinterpreted. It may not be what you say, but how you say it, that will prove of importance. You can expect some very pleasant things, decidedly uncommon, to happen this day. Please

play. Fifteen were before the police magistrate yesterday on charges of riding at night without lights. "Life-Time" aluminum 10c baking surface griddle. Heavy, Redkoker insulated.
